## EXPERIENCE CONTINUED

### STEFI • Filmiki • Magicon (Production Companies)

The last two years I'm mostly working as a freelancer for ads and music videoclips. My role is not specific as i'm basically helping with everything that is going to be needed in order to achieve the best possible outcome. From the usage of compositing to the creation of complex particle systems.

### Kay and Gee Productions (November 2012 - July 2013)

My role there was to do compositing work and motion graphics for ads and creating realistic sceneries for tv shows.

### Future arts Productions (October 2011 - September 2012)

That was the first job that i managed to land here in Greece after the end of the courses at the escape studios. I worked as a junior vfx artist on various projects, mostly for web ads and videoclips.
